"Pure classic hard rock"

Albums

Forceful guitars and melodic and catchy choruses designed for live.

Hard rock without complexes when it comes to showing his influences; from Black Sabbath, Led Zeppelin, Ac/dc, Motorhead... to more modern groups like Velvet Revolver or Airbourne.

A band from before, characterized by its powerful staging, natural and close to the public. A sure bet for any live concert.

Validated by multiple performances in theaters and festivals, they have played across Spain as well as in France, Germany, Switzerland, Denmark or Sweden; sharing the stage with both national and international bands. Pulling out all the stops on every show and enjoying it with the audience is the premise for moving forward.

With his new job; entitled 'Fire', they will continue to make their way into the music scene, gig after gig, introducing their songs loaded with distortion, strength, feeling and a lot of rock and roll!!
